My name is Kiara Azzahra, 5th semester student of Universitas Muhammadiyah Malang with S1 study program Informatics who is currently also a UMM informatics laboratory assistant. I have an interest in data science. I also have some experience in web development.

EDUCATION

Informatics

2021 - 2025 (Expected)

University of Muhammadiyah Malang, Malang

Science

2018 - 2021

International Islamic Boarding School Al-Izzah, Batu

EXPERIENCE

Author of Basic Programming e-Learning Module

Jul 2023 - Sep 2023

Infotech , Malang

I compiled learning materials for the practicum of the first semester "Pemrograman Dasar" course using the C language in the UMM informatics department.

Assistant Laboratory

Jul 2022 - Present

Infotech , Malang

I help students while assessing the assignments done by informatics students. At the same time I also provide the material needed during the practicum.

Finance Management

Dec 2022 - Present

Infotech , Malang

I manage the financial cycle of the community (infotech) so that the expenditure and income of infotech funds can be recorded properly.

Freelance

Jul 2022 - Aug 2022

PT NyanHosting Solusi Website, Malang

I assisted in developing a website on one of the projects managed by NyanHosting as a Web Front-end developer.

SKILLS

Intermediate in: Java, HTML CSS, C

Basic in: Python

PROJECTS

Zee Mobile App

I developed a mobile application for users to more easily watch movies anywhere and anytime online.

Pintarin App

I took part in developing the pintarin app as a voice actor and project advisor.

Wedding Invitation Web

I developed a wedding invitation website using HTML, CSS and Javascript.
